Subject: Holy Trinity Cemetery- additional fencing quote request
Importance: High

Martin,

We have been asked by EPA to fence two additional small areas at the project and I am asking if you can have a representative to meet Pete Lischenko at the site one day next week. (Please reply with a day and a time.) I would ask that you prepare a fixed price quote to fence the two additional areas, inclusive of all materials, labor, and any equipment necessary.

Thanks and feel free to call if necessary.
